

Break the Chain

Be who you want to be,
Equality is all you need
Don't stand by and watch it happen,
Please

I'm sorry I'm not enough for you
Understand the things I can't do
But I could change the world
If I wanted to

Rosa sat down, Emily stood up
Martin dreamed; Nelson gave enough

**If we, break the chain
We won't, stay the same
We can, learn to live our lives in
Har-mon-y
If we, break the chain
We won't, play the game
We can, keep our rights, forever**

Just because we discuss things now
We will figure it out some how
It isn't how it used to be,
So take a bow

Freedoms coming thick and fast
Fuel the fire make it last
Respect the rebellion
Forget the past

Rosa sat down, Emily stood up
Martin dreamed; Nelson gave enough

**If we, break the chain
We won't, stay the same
We can, learn to live our lives in
Har-mon-y
If we, break the chain
We won't, play the game
We can, keep our rights, forever**

My heart is still sighing
Thank you for trying
Thank you so much
My spirit's still dying
